

# Andre Norton

## An Informal Checklist of Book-Length Publications

Andre Norton's first two novels, *The Prince Commands* and *Ralestone Luck*, and *Murders for Sale*, the mystery she wrote as Allen Weston, are so scarce that no value can be assigned. Copies would be priced on an individual basis as they appeared.

For first edition identification, many early Norton titles had only one printing. For later titles, publishers' standard practice was followed. Be aware that book club editions exist for many later titles. These usually bear no prices on the dust jackets.

### **The Prince Commands**

NY: Appleton-Century, 1934  
No value established

### **Ralestone Luck**

NY: Appleton-Century, 1938
