April 26, 1989

Dear Andre Norton,

We haven't heard from you about "Desirable Lakeside Residence," and are writing in the hope that the story may still come our way.

If the publisher hasn't agreed to our use of the story, is there another with a Florida setting or theme that we might be able to use?

I am on a panel or two at the Oasis gathering in Orlando. If I haven't heard from you by then, perhaps we can discuss the possibilities there.

Thank you for thinking of us. We are certainly anxious to have SUBTROPICAL SPECULATIONS contain some of your work.

Sincerely,

Rick Wilber

Dear Mr. Wilber:

I write so few short stories that I do not have much to draw from. But there is one with a Florida background which has been previously printed in several collections. It is just published in a complete collection of my short stories and I have asked the publisher concerned whether it is possible to submit this for your consideration. If the publisher agrees I will send you a copy. The title is DESIRABLE LAKESIDE RESIDENCE and is concerned with NASA and future pollution.

Sincerely,

Andre Norton

A copy of your letter -
just as a reminder
to us -

Dear Contributor,

Here is your contributor's copy of Subtropical Speculations. We hope you enjoy the book. We are arranging a variety of panels, book signings, etc. to help promote Subtropical and may contact you to ask you to take part in some of these. Let us know if there is a bookstore or group in your area that might be interested in signings, readings or whatever.

Thanks very much for letting us use your work in the collection.

Rick Wilber

Richard Mathews

Thank you for letting us use "Desirable
Laboratory Residence" I hope you
enjoy the book -

Best
Rick W.
